Organizations Which Are I Participated

K-Hackathon, METU(ODTU) – 2017 (17-19 March)

I participated in the Hackathon team which was organized on the campus of TRNC ODTÜ between 17-18-19 March, we developed a prototype of heart rate and blood pressure information and health management. we took part in the show with the intelligent bracelet we produced with the arduino-android bluetooth communication we completed.

Global Game Jam, Uskudar University – 2018 (26-28 January)

I participated in the GGJ2018 event, which was held simultaneously between the dates of 26-28 all over the world, on Üsküder University campus,

We have developed two games with our two-person team over a 3-day period. Games can be accessed at french.com/games.

We were able to develop two different games through C ++, C # languages and unreal engine4 and unity.
